

**In this month's Hydrafile:*****Products of interest:***

**New Hyspecs Quick Hitch and Hyspecs Tilt Valves.** Our team has designed a new range of Quick Hitch and Bucket Tilt cartridge valve solutions for the heavy industrial market. The new range has been designed based on information we have received from the market.

Valves feature:

- Compact Overall Dimensions
- Zinc Plated Steel Blocks
- High Pressure - 345 bar (5000 PSI) Inlet
- Multiple Mounting Positions
- All Work Ports on Single Block Face
- Electro-proportional Operation Options
- Single Block - Greatly Reducing Leakage Paths

There will be more from this family of valves, including load sensing solutions and 5 port relief models. Keep an eye out on future editions of the Hydrafile for these or for additional information including pricing and availability on these valves, contact Hyspecs by clicking [Hyspecs Information](#)

***Eaton-Vickers Product Update:***

**The first shipment** of Eaton-Vickers Cetop 3 product is making its way in onto the shelf. There is a number of Cetop 3 product on the shelf including some spare coils and parts and well as Cetop 3 and 5 modules.

Dont forget to talk with our Sales Engineers with regards to your Eaton-Vickers requirements. Call Hyspecs or click the following blue link to send us an email. - [Hyspecs Information](#)

## News:

**More success with motorsport.** Congratulations to Steve Gunn on his success at the 2004 NZ Longtrack Speedway Championships held in Invercargill during March. Steve is now NZ#1 and Hyspecs is proud to boast we have a bonafide New Zealand Champion. Steve is a Service Technician at our Christchurch location.
