

In this month's Hydratile:
HYSPECS Auckland moves to 32 Crooks Road

In previous Hydratile I mentioned HYSPECS Auckland was in the process of moving location. We'll be just down the road from our current Lady Ruby Drive location, at 32 Crooks Road, East Tamaki. Phone numbers and postal addresses will remain the same. We'll be fully moved in by the 25th of August. For a map showing our new location and how to find us from our old premises [click here](#).

IMPORTANT NOTICE

Our phone system will be shifted to Crooks Road on Friday the 22nd of August sometime between 12 pm - 5 pm (Telecom will not shift us during the weekend). As such the phone can not be answered during this period. We will still be contactable on our mobile phones (see below) and our Christchurch branch will also be available on 03 366 1872.

Email service will also be affected by the shift. Any email sent to us will be stored but we will not be in a position to answer any emails during this period.

We apologise in advance for any inconvenience this may cause.

New GM for Christchurch branch

HYSPECS welcomes aboard new Christchurch General Manager Gary Holt. Gary will be taking over from Brent Dale who has been with HYSPECS for as long as living memory. Brent will be staying on with HYSPECS in an advisory role for the foreseeable future.

Returning from North America after 32 years in the fluid power industry, Gary has covered all aspects from field service and sales engineering to management. His travels have included design and engineering trips to Sweden, Japan and USA and he brings an extensive knowledge of fluid power manufacturers in North America.

Gary looks forward to working with the HYSPECS team and customers in the South Island to take the company forward into a prosperous future.
